

Profile

I'm constantly learning and perfecting my skill as a developer every day. I enjoy challenges and goals that force me to increase my knowledge and skills. I like to create things with JavaScript technologies that can help people do their chores easier and faster.

Projects

URL Shortner

URL Shortner App (Bit.ly Clone) shortening the long length urls into short. Built using Node.JS, Express and MongoDB deployed on heroku and mongoDB Atlas.

[Source Code](#) - [Demo](#)

Chat App

Realtime Chat Application where users can create rooms and join in rooms and chat. Developed using Node.JS, Express.JS and Socket.io for web sockets.

[Source Code](#) - [Demo](#)
